AHMED ABUBAKAR(AE) FOUNDATION is a non-governmental organization committed to fostering positive change and sustainable development within communities. Established with a vision to empower individuals and build resilient communities, AE Foundation focuses on providing educational scholarships and , vocational skills training to the underprivileged and vilnarables; health advocacy, environmental advocacy, sanitation initiatives, quality water and community service.

## **VISION**

To aspire to make global impact by empowering individuals and building resilient communities.

## **MISSION**

We strive to create a world where every individual has the chance to thrive, irrespective of their socio-economic background.

Our commitment is to:

- Promote Health and Well-being: Ensure access to basic healthcare, clean water, and nutritious food, fostering healthier lives for all.
- Enhance Educational Opportunities: Provide quality education and vocational training, enabling individuals to achieve their full potential and break the cycle of poverty.
- Foster Economic Development: Support small businesses, entrepreneurship, and sustainable agriculture to create self-sufficient communities.
- Empower youths and women
- Sustain Environmental Integrity: Promote environmental stewardship and sustainable practices to protect our planet for future generations.
- Encourage Community Engagement: Build strong, inclusive communities through participatory programs and collaboration with local stakeholders.

## **Global Impact**

Our ultimate goal is to extend our positive impact globally. We aspire to be a driving force in the international arena, inspiring and collaborating with like-minded organizations to create a ripple effect of positive change across borders.

## **CORE VALUES**

- **Empowerment:** We believe in empowering individuals with the skills and knowledge needed to create a better future for themselves and their communities.
- **Community Collaboration:** We actively collaborate with communities to address their unique needs and challenges, fostering a sense of unity and shared responsibility.
- **Sustainability:** Our initiatives are designed with a long-term perspective, aiming to create lasting positive impacts on individuals and the environment.
- **Integrity:** We conduct our activities with transparency, accountability, and ethical standards, ensuring the trust and confidence of our stakeholders.

# PROBLEMS

## **Unemployment and Lack of Skills**

Many communities face high levels of unemployment and a lack of skills that hinder individuals from securing sustainable livelihoods. The available facilities are often limited in capacity and have limited service offerings and vocational scope. Consequently, many youths and women are unable to gain the expertise that will enable them to become self-sufficient. These youths are caught in a vicious cycle of poverty.

## **Limited Access to Healthcare**

Communities lack access to essential healthcare resources and information, leading to preventable health issues.

## **Environmental Degradation**

Environmental challenges such as deforestation, pollution, and habitat destruction negatively impact communities.

**Poor Sanitation and Hygiene Practices:** Inadequate sanitation facilities and poor hygiene practices contribute to health problems in many communities.

**Water Scarcity and Quality Issues:** Communities face challenges related to water scarcity and poor water quality.

**Limited Educational Opportunities:** Some individuals experience limited access to quality education, leading to lower literacy rates and reduced opportunities for personal and economic development.

**Lack of Community Engagement:** Lack of community engagement and participation in decision-making processes.

## **Vocational Skills Scholarships**

AHMED ABUBAKAR GANA (AE) Foundation provides underprivileged and underserved children and youths with formal, vocational and technical learning that will help develop a self-sustaining society. We address the problem of a skills deficit by providing practical training in marketable skills as well as Entrepreneurship development to improving access to the labour market in the informal economy, agriculture, learning vocational skills will increase income and help to ensure food security and rural development. Skills development strategies will strive to look not only at households but also at communities.

When possible, trainees are provided with a toolkit to help them start their own businesses increasing their chance of financial success.

To provide mentorship to youth, women, people with disabilities and vulnerable members of the communities and equip them with the necessary skills and mindset to build and grow their businesses in today's competitive and global business world.

## **Health Advocacy**

We conduct awareness campaigns, workshops, and health clinics to promote preventive healthcare practices, ensuring communities have access to vital health information and resources. Our advocacy targets youth and women covering areas in as such as infant & maternal health care, menstrual hygiene, drug abuse etc

## **Education Scholarship Programs**

We offer scholarship for vulnerable and underprivileged. Providing educational opportunities can help in shaping their overall personality and pave the way for a successful career.

## **Environmental Advocacy**

AHMED ABUBAKAR GANA (AE) Foundation is committed to environmental conservation and sustainability. We engage in advocacy efforts, tree planting initiatives, and educational programs to raise awareness about environmental issues to promote environmental conservation and sustainability.

## **Sanitation Initiatives**

We implement sanitation projects to improve community hygiene and sanitation standards. This includes the construction of sanitation facilities, waste management initiatives, and hygiene education.

## **Quality Water Education**

Recognizing the importance of clean water, AE Foundation conducts educational programs on water quality, purification techniques, and sustainable water management practices to engage communities to be active participants in ensuring availability of safe and clean water.

## **Community Service & Sports Development**

We actively engage in community service projects, promoting peace and collaboration amongst communities to contribute to the overall well-being of the communities.
